12/ I am one disabled father, pro se. No lawyer. No resources. Just my child and my conviction to keep fighting because otherwise no one has a future in a country that ceases to exist. This isn't about politics.  
It's about survival of democracy.

14/ If this thread is taken down, the suppression is even further obstructing justin - in real time...for all US Citizens...  
Whistleblower protections must be honored — not erased-and whistleblowers themselves must not be erased. Silence is not an option! This is no longer about me.  
It's about the future of every disabled, silenced, or retaliated against citizen -- nearly everyone...
